Ref. No. F9/JJ/22-002

15 January 2022

Notification on postponement of examinations and closure of hostels

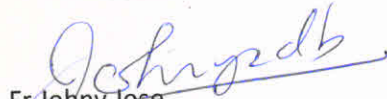

In the last few days the number of students in our hostels (Azara and Tapesia especially) showing signs of cold, cough and fever have increased and there is a distinct possibility of many more getting infected in the coming days, either with a common cold or with a viral infection. This situation applies also to students coming for classes and examinations on campus.

In view of this situation, it is decided:

1. To close all hostels to prevent further rapid spread of infection. All hostellers are to make arrangements to vacate the hostels in the next three to four days, latest by 20th January 2022. Reopening of the hostels will be notified when the situation improves.
2. To postpone the off-line end semester examinations of the final year students to the online mode to the first week of February 2022. The examination schedule will be announced once the situation becomes clearer and/or the government brings out its next set of guidelines/protocols.
3. To hold all the examinations of the Intermediate semesters already scheduled to be held online from 18th January 2022 according to the schedule published earlier.
4. To hold MBA Examinations of semesters 1 and 3 on campus as scheduled earlier.
5. Students who are unable to appear for the online examinations scheduled from 18 January 2022 on account of COVID infection, must intimate the examination department with required proof: rupam.roy@dbuniversity.ac.in for **Tapesia Campus** and mayuri.das@dbuniversity.ac.in for **Azara Campus**.
6. Classes for 1st semester students will continue to be held online.

Please note further that:

1. All faculty and staff will continue to report for work, and all offices and services will continue to be maintained normally.
2. Members of the faculty and staff who test positive for viral infection are advised to abide by the current government protocols and to intimate their status to their respective reporting authorities.
